Passport: M8010997 | **Date of birth:** 07/12/2002 | **Nationality:** Pakistani | **Phone number:** (+92) 3019299608 (Mobile) | **Email address:** zeeshansultan785@gmail.com |

Address: Muzaffargarh Punjab Pakistan, Muzaffargarh, Pakistan (Home)

ABOUT ME

About Me
Information Technology graduate with a strong foundation in software development, and network engineering. Experienced in developing web and mobile applications, backend systems, AI-powered solutions, and other through academic, professional projects. Particularly interested in Machine Learning, , and intelligent software systems. Motivated to continue a Master's degree in Computer Science and Machine learning to strengthen my theoretical and practical knowledge.

EDUCATION AND TRAINING

20/10/2021 – 10/08/2025 Gujranwala, Pakistan
BS INFORMATION TECHNOLOGY University Of the Punjab (Gujranwala campus)

Website https://pu.edu.pk | **Field of study** Software and applications development and analysis | **Level in EQF** EQF level 6

WORK EXPERIENCE

SOFTWARE DEVELOPER – ZAISHTECH SOLUTIONS – 10/10/2025 – Current – MULTAN, PAKISTAN

- Designed and developed full-stack web and mobile applications from frontend to backend.
- Built REST APIs, business logic, authentication, database systems, and third-party integrations.
- Developed responsive and user-friendly interfaces using modern frontend technologies.
- Designed and managed databases, including data models, queries, and application integration.
- Tested, debugged, deployed, and maintained applications while improving performance and reliability.

PROJECTS

01/01/2025 – 20/06/2025
Nova — Business Assistant & Automation Platform

- Built an AI assistant for businesses to handle customer conversations and requests.
- Added automated booking, scheduling, quotes, orders, and customer management.
- Developed smart intent and entity detection for natural customer messages.
- Added support for English, Urdu, Roman Urdu, and Arabic conversations.
- Integrated PostgreSQL and Redis for business data and conversation state.
- Connected AI, CRM, catalog, and business workflows into one platform.

Hirely — AI-Powered Interview & CV Assistant

- Built an AI-powered mobile app for interview practice and CV analysis.
- Added AI-generated interview questions based on role, difficulty, and language.
- Implemented interview scoring to evaluate users' answers and performance.
- Added CV analysis and job-description matching features.
- Built ATS-friendly CV generation with multiple professional templates.
- Developed the app using React Native, Expo, and EAS for Android deployment.

SKILLS

Technical skills

AI & Machine Learning Integration | Software Testing & Debugging | Software Architecture & System Design | Backend Development | JavaScript | Mobile Application Developmen | Full-Stack Development | Problem Solving | Web Application Security | Frontend Development | Node.js | Web Development

Soft Skills

Team Collaboration | Ability to Work Independently | Analytical Thinking | Continuous Learning | Solution-Oriented Thinking | Decision Making

LANGUAGE SKILLS

Mother tongue(s): **URDU**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	B2	B2	C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user
